

We are beyond happy that we found our little guy from such a wonderful person. He was perfectly happy and healthy when we met him and he has been so wonderful since. We absolutely loved all the information and care recommendations we were provided with. We didn't feel like we were purchasing a puppy but rather adding another member to our family that was coming from someone that loved and cared for him just as much as we were going to! I recommend anybody that is currently looking for a great dog from a great breeder to come straight here! It doesn't get any better!

Barbara was so helpful and very communicative during our process of getting our little boy Tucker. I asked so many questions and she didn't hesitate to answer any of them. We are so happy with our experience in getting our clean and fluffy Golden doodle.

Bella

Thank you for the easy purchase experience. We were looking for a golden doodle for several months. When we found her everything fell into place perfectly. The price was great too! We love our beautiful Bella!! She has stolen our hearts

Barbara and Rob were very nice and gave us the best doggy we could ask for! They offered to Face Time to show us the dog better before we met with them, and we had no problems during the meetup! They even brought a bag with toys and food so that the dog could have a little souvenir from the house she knew first ☺ . These people love their puppies and it is obvious that they raise them in a loving home! Not to mention they are both incredibly sweet and genuinely care about the health and safety of their dogs!

I couldn't be happier with my experience getting a puppy from Agali Valley Poodles and Doodles! They provided me with all the information I needed, and it was clear that they put a lot of love and effort into raising happy, healthy, and well-socialized puppies.
